

Audi A6.

WAUZZZF21PN000XXX, decoded.

A vehicle datasheet that shows all the options that are fitted on this car inside the factory.

Executive balance

2.0 TFSI power with mild-hybrid smoothness.

Daily usability

Comfort, safety and media features that matter in the real world.

Exact spec

Brochure up front, full code appendix at the back.

L5 / Z7G

TOP 10

The 10 most interesting things about this specific A6

Selected from the factory data because they add genuine value, character or usability to this exact car.

0K4 / 9G9

Mild-hybrid intelligence

The MHEV setup and belt-driven starter alternator make this A6 feel smoother in traffic while quietly improving efficiency.

DF9 / T2B

Modern 2.0 TFSI powertrain

A 150kW 2.0-liter turbo FSI with the evo4 family base gives this car the right mix of everyday punch and premium refinement.

G1C

7-speed automatic transmission

Fast, polished gear changes fit the car's executive character and keep the drivetrain feeling modern.

2H9

Audi drive select

You can change the car's character on demand, from relaxed cruiser to tighter daily-driver response.

8IT / 8SK / 8K4

Full LED light signature

LED headlamps, LED rear lights and dedicated daytime running lights give the car a sharper premium presence.

7UG / 18Z / QV3

High-level digital cockpit and media

Navigation High, Premium MIB3 infotainment and digital radio turn this into a properly modern A6 cabin.

KA2 / 7X2 / QK1

Confident parking and camera support

Front and rear sensors, a rear-view camera and the multifunction camera make city use much easier.

4A3 / 7P1 / N4M

Comfort spec that matters

Heated front seats, lumbar adjustment and part-leather trim are exactly the features owners notice every day.

6I3 / 6K8 / VL1

Smart active safety layer

Lane departure warning, pre sense city and pedestrian protection add meaningful safety without overcomplicating the car.

1D8

Trailer hitch preparation

A practical bonus that keeps future towing options open without cluttering the design today.

Why this spec works: it is not overloaded with gimmicks, but it absolutely has the options that make an A6 feel modern, comfortable and easy to live with.

All codes, grouped like a proper brochure

This keeps the magazine feel intact while still preparing the report to become fully transparent and complete in the appendix.

Powertrain, Chassis & Running Gear

This car is built around a very usable executive-driving formula: efficient turbo petrol power, mild-hybrid assistance, automatic comfort and a planted chassis setup.

- 0K4
- 0N1
- 1A2
- 1BA
- 1KD
- 1LC
- 1P0
- 1TN

- 0YT
- 1D8
- +81 more

Standout combination: the mild-hybrid 2.0 TFSI drivetrain, 7-speed automatic gearbox, Navigation High, MIB3 Premium infotainment, camera support and heated / part-leather comfort spec create a very convincing all-round executive package.

Advice for this exact configuration

Written in an enthusiastic sales-minded tone, but grounded in the reality of owning and maintaining a modern premium turbo petrol Audi.

Engine & oil care

Stay strict on oil quality and service timing. On a turbocharged 2.0 TFSI, clean oil and sensible intervals are cheap insurance for long-term refinement.

Transmission feel

The 7-speed automatic should feel smooth and decisive. If shifts become hesitant, rough or inconsistent, act early before minor drivability issues become expensive ones.

Electrical and software

Because this A6 carries modern infotainment, driver-assistance and connected systems, software health matters. Keep updates current and diagnose warning messages early rather than living with them.

MHEV system awareness

The mild-hybrid setup is there to improve smoothness and efficiency, not to shout about itself. If stop-start behavior, charging or restart smoothness changes noticeably, it is worth checking promptly.

Suspension and wheels

On an executive car with 18-inch alloys, chassis freshness affects the whole character. Tires, alignment and suspension wear make a bigger difference than many owners expect.

All PR codes and descriptions from the source

This section is intentionally more complete and transparent. It keeps the front of the report attractive, while ensuring the back of the report is useful for detail-oriented buyers and owners.

CODE	DESCRIPTION	CATEGORY
POWERTRAIN, CHASSIS & RUNNING GEAR		
OK4	Hybrid propulsion system MHEV	Powertrain, Chassis & Running Gear
ON1	Standard rear axle	Powertrain, Chassis & Running Gear
