

PREMIUM VEHICLE REPORT

Fiat 500C. Your car, decoded.

ZFA3120000JB4XXXX

A bicolour Fiat 500C Collezione 0.9 Turbo 85 hp with cabrio body style, Signature trim character, black roof contrast, modern smartphone connectivity and a compact European city-car specification with strong lifestyle appeal.

Open-air Collezione character

Two-tone paint, cabrio bodywork and special-series trim give this 500C a more expressive boutique feel.

Smart urban technology

Navigation, DAB, Bluetooth, smartphone mirroring, parking support and efficient Euro 6D petrol power make it highly usable every day.

TOP 10

THE 10 MOST INTERESTING THINGS ABOUT THIS SPECIFIC FIAT

These are the features that most strongly define the vehicle's style, usability, market value and ownership character.

#01

500C Collezione cabrio character

The cabrio body and Collezione special-series content give this Fiat 500 a more distinctive, lifestyle-focused identity than a standard city car. It combines compact dimensions with a more expressive open-air ownership feel.

#02

0.9 TwinAir Turbo 85 hp petrol engine

The 875 cc turbocharged petrol engine is one of the most characterful engines offered in the Fiat 500 family. It delivers lively urban response while keeping the car light, efficient and easy to enjoy.

#03

Bicolore white and black exterior

The factory two-tone White 227/B and Black VR 876 colour combination is a strong visual signature. It suits the 500C shape particularly well and gives the car a more collectible, boutique appearance.

#04

Signature / Collezione trim identity

The L3 Signature trim and Collezione special-series kit define this car as a higher-character configuration. These details are commercially relevant because they make the car feel more curated than a basic specification.

#05

16-inch Collezione alloy wheels

The 16-inch Collezione alloy wheel package adds stance and visual value. On a Fiat 500C, the wheel design has a major influence on the overall premium feel.

#06

7-inch navigation with DAB and smartphone integration

The VP2R 7-inch capacitive navigation unit, DAB, Bluetooth, USB, AUX, voice recognition and Apple CarPlay / Android Auto make the cabin feel modern and usable. This is one of the most valuable everyday technology features.

#07

Manual climate and comfort equipment

Manual air conditioning, heated rear glass, electric windows, central locking and useful cabin details give the vehicle strong daily usability. The specification is simple, robust and well suited to city use.

#08

Safety package with multiple airbags and VDC

Driver, passenger, knee, front-side and curtain airbag content is supported by Vehicle Dynamic Control. This gives the compact 500C a more reassuring safety profile.

#09

Parking sensor and Vision Pack

Rear parking assistance and Vision Pack content improve manoeuvring confidence in tight urban spaces. This fits the car's city-focused character and adds practical value for daily ownership.

#10

Euro 6D market configuration

Euro 6D ecology coding and Italy / Central Europe market setup support broader European usability. For resale and export, emissions classification and regional configuration are important details.

Standout combination: Bicolour white and black paint, 500C cabrio bodywork, Collezione special-series details, 16-inch alloy wheels, 7-inch navigation with DAB, smartphone mirroring, parking sensor, VDC and Euro 6D 0.9 Turbo power create a desirable European Fiat 500C configuration.

CATEGORY OVERVIEW

KEY SPECIFICATION BY CATEGORY

The strongest parts of this configuration come from the way its open-air body style, two-tone design, compact turbo drivetrain and useful comfort technology work together.

Comfort & Interior

The interior is focused on compact premium usability, with air conditioning, electric windows, split rear seating, useful storage and Signature-trim details that suit daily city use.

008 025 028 030

140 195 228 339

352 396 626 890

Exterior & Design

The exterior combines cabrio proportions, bicolour white and black paint, chrome detailing and Collezione wheel content for a boutique Fiat 500 look.

Standout combination: Cabrio bodywork, bicolour paint, Collezione trim, 16-inch alloy wheels, modern infotainment and broad safety content give this Fiat a strong mix of style and daily practicality.

OWNERSHIP VIEW

ADVICE FOR THIS EXACT CONFIGURATION

The value in this Fiat sits in its cabrio body style, two-tone Collezione presentation, compact turbo drivetrain and connected cabin equipment.

TwinAir maintenance focus

The 0.9 turbo engine rewards correct oil specification, timely servicing and careful warm-up behaviour. Service history is especially important because the engine is compact, characterful and mechanically specific.

Cabrio roof and sealing checks

The soft-top system should be inspected for smooth movement, water sealing and fabric condition. Drainage and rear-window condition matter more on a cabrio than on a closed hatchback.

Electronics and infotainment verification

Navigation, DAB, Bluetooth, smartphone mirroring and Uconnect access should be tested during inspection. These features add real value, but only when the system responds cleanly and pairs reliably.

Urban drivability and clutch feel

This configuration is built for compact European use, so steering, clutch take-up, brake feel and low-speed refinement are key. Any hesitation or rough running should be investigated before purchase.

Wheel and suspension condition

The 16-inch alloy package looks premium, but rim damage, uneven tire wear and suspension knocks are common city-car inspection points. A clean wheel and alignment check protects comfort and resale appeal.

Export and regional suitability

The vehicle is left-hand drive with Italy / Central Europe market coding and Euro 6D ecology data. That makes it more naturally suited to continental European markets than right-hand-drive regions.

Ownership focus: this is a left-hand-drive Fiat 500C Collezione with bicolour paint, black roof contrast, 0.9 Turbo 85 hp petrol power, Euro 6D coding, modern infotainment and useful city-driving assistance.

COMPLETE APPENDIX

ALL CODES AND DESCRIPTIONS
